- Step-by-Step Photo Guide
- Detailed Worksheet
ATTACH THE WINGS TO THE BODY OF THE DRAGONFLY
BEND TRIANGULAR NOSE OF DRAGONFLY AND REST IT ON STRAW

SEAL TOP OF STRAW
ANOTHER VIEW OF DANCING DRAGONFLY
Cut out the body and the wings of the dragonfly using thick card sheet (tetrapacks are ideal). Then stick the wings to the body. Bend the triangular head of the dragonfly at right angles and perch it on a stand. Bend the wings a little to balance the dragonfly. If the assembly is kept under a fan the dragonfly will keep going round-and-round in circles on its tip.
