Other view of the assembly
You need:

- Toothpicks
- Glue
- Rubber bands
- Old bottle filled with soil
- 2 Forks

Instructions:

1. Place one toothpick deeply between the forks.
2. Interlock two forks tightly.
3. Place a toothpick glued to a bottle lid and fix a hole in the side of the bottle.
4. A little push and they will rotate beautifully. Give them a gentle push.

The forks will balance on the vertical end of the vertical pick on the pointed end of the first toothpick.
