Mineral Hunt
Minerals are almost everywhere, including all around your home and school. How many of the following things made from minerals can you find at home or school?

- Drinking glasses
- Toothpaste
- Pencils
- Pots and pans
- Jewelry
- Cake or bread
- Pottery
- Molding clay
- Carpet
- Glass windows
- Wall paint
- Roof shingles
- Toilet
- Kitty litter
- Lipstick
- Pennies
- Door knobs
- Bricks

DID YOU KNOW?
- The mineral that coats the Statue of Liberty is copper, as thick as two pennies put together.
