Step-by-Step Photo Guide

Detailed Worksheet
Fold the A4 size paper into half

Again Fold it into half

1/4 th of the original size
Refold the paper into half to get a strip

Now make the fanfolds

1/8 th of the original size
Fold the strip into half & draw a design on one side.

Cut along the outer lines of the design.
Open the folds gently to get this pattern.

Do the same for other A4 size paper.
Fold the pattern in the middle of the strip

Apply some glue on both the sides and bottom
Stick the two patterns

Our beautiful paper flower is ready!
You can vary the sizes and design patterns.

Enjoy making paper flowers and decorate your walls!
