Step-by-Step Photo Guide
Attach threads to bottom neck of birds. Pass thread through holes and attach to rubber ball.

A film can lid fixed to CD to put feed for Pecking Birds

Pin Hinge

Rubber Pad

When thread is loose the neck swivels down. When ball is pulled down birds necks should be up.
Rotating the CD with the handle spins the ball. Some threads become loose - the bird neck goes down and pecks! Some threads get tight - the birds' necks become upright.
