**ROLLING BOTTLE**

See 1 minute video at: [http://www.youtube.com/watch?v=m6uukJ_KxX0](http://www.youtube.com/watch?v=m6uukJ_KxX0)
Tie rubber bands to the weight and insert it in the bottle through the slit.
Make two holes at the ends of the bottle. Stretch the rubber bands and pull them through the holes and lock them. Let the weight be hanging.
Roll the bottle on the floor and watch it come back to you.
1. Cut a slit in the bottle to slip in the hex-nut.
2. Slip a long rubber band on a heavy hex-nut and big match stick.
3. Fix it to the base of the bottle. Fix it to the base.
4. Pull the hook with a match stick to the lid. Pull the other end with the hook.
5. If you roll the bottle on the ground it will go a little distance.
6. When the bottle goes back it winds. When the bottle returns it unwind the bottle.
