SICK! MAKE YOUR OWN COMPASS

HERE IS WHAT YOU NEED

Sewing Needle
Magnet
Wax Paper
Scissors
Bowl
Water
1 Magnetize the needle by stroking the magnet over the needle.

2 Switch ends of the needle and use the opposite side of the magnet. Continue to magnetize the other end by stroking several times.
CUT OUT A CIRCLE WITH A ONE INCH DIAMETER
THREAD THE NEEDLE THROUGH THE WAX PAPER LIKE A NEEDLE THROUGH CLOTH

FILL THE BOWL WITH WATER
FLOAT YOUR COMPASS IN THE WATER

IT SHOULD ALWAYS POINT NORTH
