HERE IS WHAT YOU NEED

PIZZA BOX
2 CLEAR SHEET PROTECTORS
BLACK CONSTRUCTION PAPER TAPE (CLEAR & DUCT)
BLADE
THERMOMETER
BBQ SKEWER
GLUE
TIN FOIL
RULER
PEN
MEASURE 2 INCHES FROM EACH SIDE AND MARK WITH A PEN
CUT OUT 3 SIDES OF THE SQUARE TO CREATE A FLAP

IT WILL LOOK LIKE THIS WHEN YOU'RE DONE
2. Measure and cut tin foil to line the bottom of the pizza box.

3. Apply glue to the bottom of the box and smooth it down.

Lay the tin foil in the box and smooth it down.
4. Apply glue to the inside of the flap.

Attach a piece of tin foil to the inside of the flap.
5. Cut a piece of black construction paper that is smaller than the bottom of the pizza box.

6. Tape it to the bottom of the box with clear tape.
SEPARATE THE SHEET PROTECTORS SO THEY ARE ONE LAYER OF PLASTIC.

TAPE THE LAYERS OF PLASTIC TOGETHER.
TAPE THE PLASTIC AS TIGHT AS POSSIBLE TO THE INSIDE OF THE PIZZA BOX

THIS IS WHAT IT SHOULD LOOK LIKE
Wrap a thin piece of tape around the skewer as shown.
TAPE IT TO THE SIDE OF THE BOX TO CREATE A KICK-STAND FOR THE LID.
LOAD UP YOUR OVEN WITH TREATS
ENJOY!

ADD A THERMOMETER TO TEST HOW HOT YOUR OVEN BECOMES

SET YOUR SOLAR OVEN IN THE SUN AND WATCH YOUR S'MORES HEAT UP

DINE IN • CARRY OUT • DELIVER

ENJOY!
