- Step-by-Step Photo Guide
- Detailed Worksheet
Place spinner on the table and blow through the straw to make it spin round-and-round.

Cut a V notch near the end of the thin straw. Place the spinner in the thin straw and blow with one finger. Then blow and enjoy the spin.

Fold a 6 cm straw in half. Nip corners to make a diamond shaped hole in the center. Flatten and seal with tape. Nip diametrically opposite corners to make the spinner.

You need:
- Thin straw
- Cello tape
- Scissors
- Extra pack of straws
